Community Wellbeing makes a difference in Cardiff by providing opportunities for people to overcome issues that are affecting their health and wellbeing. What we can support people with:

- Finding hobbies and interests to connect with what they enjoy
- Social worries such as housing, debt, benefit issues, work and family
- Improving physical health • Reducing harmful habits such as drugs, alcohol, smoking or substance misuse
- Low level mental health interventions
- Isolation and loneliness

If you are working with someone who you think would benefit from using our service, please let us know. We accept referrals from all types of organisations across Cardiff.

If you know someone who would benefit from the Community Wellbeing service, please use our online referral form: [www.unitedwelsh.com/communitywellbeing](http://www.unitedwelsh.com/communitywellbeing) This is not a crisis intervention service.

### **Other Services**

#### **Cardiff Council Meals on Wheels Service in the Vale**

Deliveries are made in the Vale to Wenvoe, Sully, Penarth, Dinas Powys and Llandough. At present Meals on Wheels are continuing as normal, however there are new instructions for delivery drivers to help protect themselves and the public.

If a customer needs to self-isolate for any reason, please let us know, this can even be a sign on the front door. Meals can be placed in a suitable area (door step/porch) at the front of the property and the doorbell will be rung or door knocked. The driver will step back as far as practical (ideally at least 2m) and wait for the customer to open the door. For reassurance our drivers will wear gloves when they're delivering to anyone who is self-isolating.

The customer can then simply pick up the meal and take it inside, if they do not answer the door, the driver will retrieve the meal and leave a calling card. The driver will then contact the office and the next of kin will be informed of the non-delivery of the meal.

I hope that this explains why there is a change in meal delivery for the time being. As this is a constantly evolving situation things may change further. If you require assistance please contact the team on telephone 029 20 537080.
